

Important Printing Instructions:

To confirm the printer scaled the image correctly, the line to the right should measure exactly 3 inches and 10 centimeters

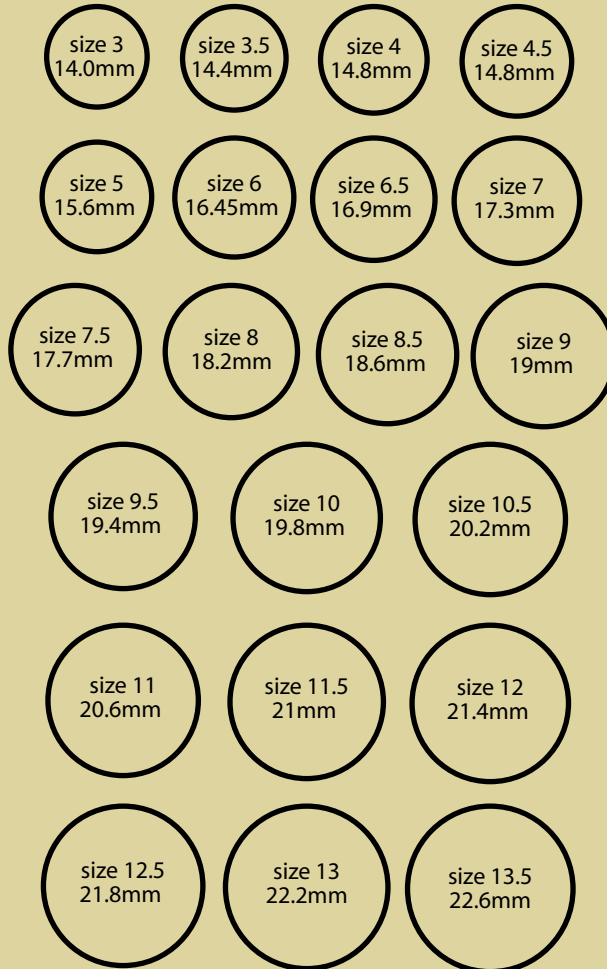

Measuring Finger Size:

1. Cut out the template below
2. Cut inside slit
3. Wrap around finger, sliding narrow end into the slit and numbers facing outward.
4. Tighten comfortably around finger
5. The number lining up with the slit indicates size.
6. This cut-out measures finger size, reflecting the smallest ring size that may fit. Customers often order a ring size 1/2 larger than finger size

Measuring Diameter of Ring:

1. Place ring on top of circles
2. Match inside of ring to closest circle size, so that entire black circle fits within the ring
3. If ring falls between two sizes, order the bigger size

Size Conversions:

Common ring size conversion between the United States and the United Kingdom
